4. Facilities	Maintain the research facilities and equipment in support of the research enterprise	Renovations or additions to research infrastructure and equipment	Portion of RSF grant invested in research facilities and equipment of the research enterprise	<p>Our tracked expenses for research facilities for 2022-23 was just over \$1.0M for aspects of Operating Costs (\$1.11M) - costs include custodial, security, maintenance, utilities, and leasing costs; and costs for capital planning associated with research spaces and research equipment, and insurance on research spaces. The purchase of materials used in operating research equipment and technical support for laboratories, offices and other facilities.</p> <p>We used \$35.6k of the RSF to help meet these costs, which represents 3.6% of the total award, predominantly to help support the technical support positions for laboratories.</p>
5. Intellectual Property	Maintain the Office of Innovation and Community Engagement (OICE) responsible for collaborative agreements, partnerships, IP, contracts, knowledge and technology transfer	Maintain staff levels in support of intellectual property	Portion of RSF grant invested in intellectual property of the research enterprise	<p>Roughly \$130k was directed towards helping support the salary and benefits of the positions in the Office of Innovation and Community Engagement (OICE) - approximately 34% of the Director's compensation, 34% of the Industry Liaison Officer's compensation and a portion of the part-time Coordinator's compensation. We used \$104.3k of the RSF to help meet these costs (representing 10.5% of the total RSF award) – these RSF funds are critical in the mix of funding sources to support the OICE. Our OICE is part of the Springboard Atlantic Inc commercialization network. This network has 14 Atlantic Universities and five Community Colleges as members and its mandate is to support the commercialization of post-secondary research in Atlantic Canada.</p>
